

Stone Age Tools - Archaeology Lesson Kit - Worksheet

Name:

Date:

First answer these questions on a separate sheet of paper.

1. What do we mean by the term 'Prehistory'?
2. This prehistory is classified into three consecutive time periods, what are they?
3. What is the basis for the names of these three time periods?
4. Name 5 prehistoric tools, draw a sketch of each, and describe their uses.
5. What do we mean by 'Hunter – Gatherer'? Why?
6. During the Stone Age periods, what stone was commonly used for making early tools?
7. What is the name given to a skilled stone tool maker?

Describe the item you have found:

What do you think it was used for?

What sort of material is it made from?

What can this item tell you about mankind in the “stoneage”?

Draw an image of it:

See our “Students Research page” for more details and access to the “StoneAge Tools Museum”
